

# THE BNA PERFINATOR

PUBLISHED BY THE BRITISH NORTH AMERICA PHILATELIC SOCIETY  
CANADIAN PERFIN STUDY GROUP

Volume # 14 Number # 3 Whole # 82

April 19Th., 1993

## FROM THE EDITORS DESK:

In this issue, the third part of the ABC factor surveys. Also in this issue is auction # 5. I was unaware that this was coming until I got it in the mail and dates had to be changed. I am in need of small fillers for the newsletter. This is all from my desk.

Canada. M4E 3B5

### The Editor

Floyd McNeay  
8019 160 St.,  
Edmonton, Alta.,  
Canada. T5R 2G9

### AUCTIONEER

Conrad Tremblay  
3259 Lookout Park,  
Rawdon, PG  
Canada. J0K 1S0

### UPDATE ON the ABC SURVEY

It would appear that we are about half way through our report phase of the survey with about half of the B rarity factor sheets returned. The results themselves shouldn't take long to tabulate. I do, however have a concern about the number of participants. For this survey to have any validity we must have every known perfin holder responding. The ads I placed with BNAPS and the Royal resulted in four responses from collectors with interest in perfins but no scarce holdings (these were all answered with encouragement).

In the hope of finding missed reports here is a list of respondents in the order they have come in:

Basil Burrell  
Garvin Lohman  
Jon Johnson  
D. Marasco  
Anthony Wilfred  
Ross Wilson  
Fernand Foucher  
Russell Deveau  
Michael Dicketts

Steve Koning  
Wally Gutzman  
Jack Benningen  
Gary Tomasson  
Lorne James  
Marcus Fennell  
Jean Guy Dalpe  
Calude Usher  
Conrad Tremblay

If your name is NOT on this list drop me a card to say that you have no Perfins with an A, B, or C rarity factor; or that you do, and I can expect reports from you sometime in the future. If any of our study group knows of any collectors that should be included I would be happy to drop them a line asking for their participation. Thanks for your participation I hope you are all pleased when the results are published!

Lorne JAMES, 824 Fort Street, Victoria, BC, V8W 1H8
