

AMBASSADOR'S PROGRAM

Over the years, this program has become restricted to providing information to the BNAPS website. During the past several years, this has meant providing lists of awards made to BNAPS members for stamp exhibits and literature. In addition special society awards made at the BNAPEX shows have also been provided. The website shows that 107 exhibit and literature awards were made for 2010. Forty awards for 2011 have already been posted through late May.
