The meeting is to be held at the Best Western Hotel - 43971 Industrial Way just off the highway. The phone number is 1 877 722 3997 - mention BNAPS although saying the stamp collecting group would probably be understood better at the desk - we have a rate of \$99 per night plus the usual taxes. If you ask they will give that rate for a day or so on either end if you wish.

To get there from the Vancouver area:  
Get on Trans-Canada Hwy/BC-1 E .

We will follow the format developed over the past few years - as usual this will be a topic for the business meeting.

We will meet as we arrive and register - Friday afternoon or evening at the hotel. The hospitality room will be open from 4:00 PM, closing for supper at ?? then reopening after supper until we decide to retire usually about 10 o'clock.

Saturday morning will see (hopefully) three presentations -see the agenda - check to see what has transpired for planning partner activities for this time. Last year there were only two partners and they decided to come to the philatelic sessions.

Saturday afternoon will see Ken Pugh take the hardy souls from his morning photography session off to the sanctuary to practice their new skills. The rest will visit local points of interest.

Supper will be the usual format with a guest speaker. The hospitality room will open after this event finishes.

Sunday morning will see more philatelic presentations - a business meeting - clothes line and general wrap up with the session ending at noon.

Please register early if planning to stay at the hotel as the hotel has warned us they expect to be full for that weekend and cannot guarantee rooms after March. Also they have limited pet rooms available so first come first served in that aspect of travelling.

Please complete the enclosed registration form and send it to Shirley Ann Frick at the address on the masthead of this newsletter - feel free to contact the Chairman or Shirley Ann if you have any queries.

## PRESENTERS STILL NEEDED

For some reason our members seem not to be rushing to volunteer to present at the annual meeting - that topic will arise at the business meeting - as it is difficult to arrange these meeting without the support of the membership. While I know that many of the members we were used to listening to are no longer with us for one reason or another if we are going to do this we need help.

## DUES NOTICE

If you are wondering if you are paid up contact Shirley Ann- it is my understanding that our payment structure features anything from several years in arrears to paid up several years in advance. The \$10 helps with conference expenditures and for sending things like these newsletters.

## Tech Help

Would someone like to do a blurb or presentation on use of computers in collecting or some aspect of how computers have impacted our collecting practices? It seems to me on discussing this idea that there are many and varied ways the Philatelic community utilizes computers - often with many frustrations involved. While some of us follow the "Duffy" line of dealing with computers, hah, many others have made them a vital part of the collecting process. It would be nice if some knowledgeable soul would enlighten the masses.
