## PENTICTON MEETING DECLARED A GREAT SUCCESS

Members attending the annual meeting in Penticton at the end of September came away with many great memories.

The presentations were interesting - the food top notch and the socializing among the best ever -

While the actual numbers attending were a bit disappointing those who made the effort uniformly were of the opinion that this was one of the most enjoyable meetings in a long time.

The executive is already working hard to ensure that the next meeting slated for the Victoria area will be better yet.

## MARK OAKLEY ELECTED NEW CHAIRMAN OF THE REGIONAL GROUP

Members elected Mark Oakley of the Okanagan as the next Chairman of the Group- Mark, a retired Accountant, brings new enthusiasm to the job and is already working on making next year's meeting an even greater success

Our new Chair Mark Oakley has been married 31 years and has 3 children who have a mild interest in Dad's "sticker" collection. Eldest daughter, Melissa has a framed display of each of Canada's Supreme Court Law Stamps hanging in her law office, which oddly enough draws many questions from her clients. Carol assists me with the Okanagan Mainline Philatelic Auctions where I am the Treasurer and comes to almost all of my stamp activities and of course looks the other way when my auction purchases show up on the credit card.

# MEMBERS CHANGE METHOD OF MEMBERSHIP

Member attending voted uniformly for extending membership status to all members of BNAPS who reside in the catchment area which includes the western United States BC and the Yukon -

No fee is to be charged - events are to be revenue neutral - The new Chairman will see that appropriate notices are sent to all those on the membership list of BNAPS who qualify for our group. All of these members will receive notices - newsletters etc unless they notify us otherwise.

Some members have volunteered to donate the needed operating expenses.

We also extended the executive - which will now look like this

# PRESENTATIONS PRAISED BY THE AUDIENCE

With the change in format voted in Chilliwack last year - we had more presenters this time - judging by the questions and comments they were all well received and found interesting.

We'll try to provide a synopsis of what was shown and said at the meeting.

First up was **Peter Jacoby** with "My Favorite Collateral". Which was a collection of favorite things from the Kootenay mine era - we saw some things not to be seen again I would think.

Then came **Jack Isaacson** with his remarkable collection of early covers and mailings - dating back to the 1400's - amazing that something could have survived the vagaries of time and distance - from Italy etc - to arrive in a small hotel in Penticton - but he did get it and managed to attract our interest -

**Ron Leith** came from Vancouver to give his show of Victoria BC cork cancels - I didn't know the ins and outs of how they were made and examples of such - highly interesting to the gang watching.

Then came **Ken Pugh** and “the Andre Fordel/Fred Eaton Story” - how forgeries that were identified as such were made and sold - and some of the most interesting history behind the forgery setup - where many were not identified - anyhow we learned a lot I think.

That was the Saturday morning line up - after a good lunch we had more presentations

**Edward Haasdyk** gave a bit of a different piece on “postal history of KLM flights between Netherlands and Netherlands West Indies” - showed the planes and pilots and a lot of real history - the kind that doesn't usually show up in books.

Then came the annual business meeting -the minutes of which to follow.

This was followed by the banquet and guest speaker, **Sue Kershaw** who spoke on The Last Flight of HX313, the story of the plane, crew, survivors and Belgians on the ground. She entertained and again judging from the questions and comments managed to grab the interest of those there.

## Banquet Photo

Peter Jacobi, Tim Woodland, Jon and Leanne Johnson

Sunday morning we heard from Jon Johnson with “WWII Canadian Merchant Marine “ which was well presented - followed a Canadian ship as it went from place to place across the Pacific and almost around the world - as a dutiful seaman sent letters home to his Mother from each place - interesting to see the progress from place to place - also interesting to see one of the letters with bits cut out by the censor - with a newspaper article a couple of days later reporting the action that had been censored.

The last presentation was Vending Automation of Canadian Postage by our special guest, Dave Bartlett - representing BNAPS. It was nice to see one of the officers of our organization. He and his wife added just a bit extra to the meeting.

A hearty thank you to the five of the seven presenters who volunteered to return their presenters honorarium to the Group - thus leaving us with a bit of cash for expenses.

This was the \$50 thank you gift from the Group to the presenters, voted in at Chilliwack.

## HOSPITALITY ROOM A POPULAR VENUE

We tried something a bit different this time. Usually we use a hotel room for the hospitality setup. This year we used a smaller meeting room with a large table and chairs. This proved so successful it might be a good idea for the future as well. People could come and go at their leisure and mix and match. We even had a sort of a crib game running.

## Editorial:

With the new rules for membership and the new executive enthusiasm we could well be on our way to a rebirth of interest in group activities. This will be up to the members to lend a hand and make the belonging to be a highly desirable affair.

Has anyone else noted that small post offices no longer carry commemorative sheet stamps? They carry the coils of everyday stamps and booklets which is the only way to put something other than the ordinary little coils. I am told it costs too much to stock the commemoratives.

Many thanks to the BNAPS executive for noticing the groups and taking an interest in promoting their activities. When you get a chance, tell them we appreciate this support. It is interesting to see the evolution of the group meetings. It appears we are on the way back. Now if members would remember to tell of possible conflicts we could avoid things like the Vanpex conflict we had this time. Mark is more in the mainstream of clubs etc, which I was not, so maybe this will not be such a problem.

We would be interested in hearing from anyone who has ideas as to how to interest the local clubs in our meeting. One of the main reasons in moving the meeting around

the province is to make it possible for local clubs to participate. For the last three meetings we have had a grand total of five people attending from the area where the meeting was held.

Do you know of anyone whom you think should be recognized on these pages? If so please let us know so we can try to collect the correct information and do so.

## PRESIDENT'S MESSAGE

Thank you to our members for voting me as Chair for our regional group for 2018. I am really looking forward to working with our executive to make membership in our BNAPS group an enriching experience. Our motto is “Philately, Fellowship, Fun”. Getting together with a group of knowledgeable stamp collectors to expand our knowledge of our hobby. What more could one ask.

Firstly, join with me in thanking Peter for his dedicated service as our Regional Group Chair for 7 years. Your volunteer service to BNAPS and your fellow collectors and philatelists is appreciated beyond words. Thank you Peter. In keeping with Peter’s dedication to our hobby, he will be continuing in his role as the Editor of our newsletter.

Another decision taken at the Penticton meeting was a motion to extend regional group membership to all BNAPS members in our region. We also created an associate membership for non BNAPS members who may wish to join our group. This is designed for friends, associates and spouses’ who wish to attend our events.

Our last meeting in Penticton, for me was a great educational experience. As one of our presenters said, “to love stamps is to love history”. I am always astounded by the depth of knowledge that our presenters have in their subject areas. They truly have a

love of philately. Ed presented on KLM flight covers from Amsterdam to the Dutch East Indies. Ed’s presentation really was a history of KLM Airlines from inception to the beginning of WWII. His flight covers documented to advancement of airplane technology and the tenacity of the pilots serving their customers. Peter’s presentation on the history of the mining industry in the Kootenays was outstanding. His presentation was illustrated by postcards of many of the early mining towns in BC. Ron’s presentation on the usage of cork cancels at the Victoria post office was a study in patience and detail. His presentation was of particular interest to myself as I have a small collection of small queens, many of course with cork cancels. Suffice to say, there was a little something for everyone. Ken’s story on the Frodel forgeries and the Fred Eaton story was shockingly interesting. As a young teenager, I used to frequent the Eaton store on West Boulevard in Kerrisdale and that’s where I received my first auction experiences. Also getting swept up in the bidding and paying the price. A lesson learned young.

Thank you to our other presenters –Sue, Jon and Dave. Regrettably, I was unable to attend our Sunday activities but from all reports their presentations were of great interest to the membership and very well received. I am certain these philatelists will continue to share their expertise with us at future events.

Planning is now underway for our next gathering in Victoria 2018. If you have any particular areas of interest that you would like to see explored, send forward a suggestion. If you have an area of interest that you would share with your fellow philatelists, please volunteer! The big news is that we are trying to tie our meeting to coincide with VICPEX to make the whole experience more enriching. Stay tuned as we will keep you advised as further details become available.

I look forward to meeting you personally in Victoria 2018.

Cheers, Mark Oakley

## Philatelic Phunnys

Did you hear the one about the unstamped  
letter?

Never mind, you wouldn't get it

What did the envelope say to the stamp?

"Stick with me and well go places."

## Other Funnies

I read that 4,153,237 people got married last  
year. Not to cause any trouble, but shouldn't  
that be an even number?

Did you know that dolphins are so smart that  
within a few weeks of captivity, they can  
train people to stand on the very edge of the  
pool and throw them fish?
